Spur for horse rider boots in Roller Model, stainless steel, VETAWAN

- VETAWAN spur roller provides a gentle and subtle stimulation to the horse's sides
- Helps sensitize the horse to light leg aids and promotes a more responsive reaction
- Offers a milder form of encouragement compared to traditional spurs
- Enhances communication between the rider's leg aids and the horse, allowing for more precise cues

Ear net for horse, flies net for horses, premium quality, VETAWAN

VETAWAN ear net shields the horse's ears from flies, insects, and other pests. Helps minimize loud or sudden noises that may startle or disturb the horse. Reduces visual distractions, allowing the horse to focus better on the rider or task. Offers an additional layer of defense against branches, debris, or accidental bumps during activities.

Hey Net for Horse feeding, Premium quality, VETAWAN

VETAWAN hay net promotes slower and more natural eating habits by regulating the horse forage intake. Encourages horses to engage in a more natural feeding behavior providing mental stimulation and reducing boredom.
